VicCard™ and Expense Management

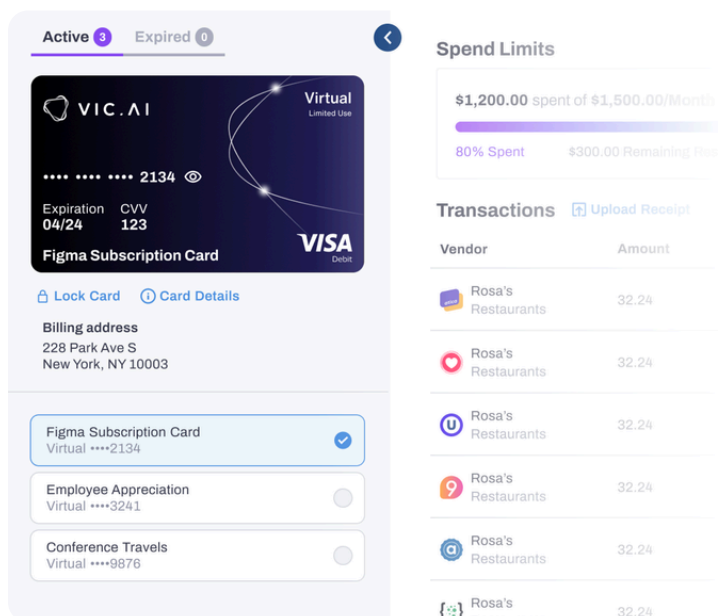

A more enlightened approach to corporate spend

Vic.ai offers unparalleled AI-driven autonomy in managing corporate card expenses. With the addition of VicCards™ and Expense Management to the Vic.ai platform, you can get a unified view of non-payroll corporate expenses in one place.

Key features

Vic.ai is redefining how businesses manage corporate cards and expenses, leveraging AI to transform every step of the process. From issuing cards effortlessly to automating receipt tracking and delivering real-time insights into spending, Vic.ai eliminates tedious manual tasks and creates a seamless, transparent financial workflow.

Real-time expense tracking:

Gain visibility into combined invoice and card expenses.

Tailored spend controls:

Implement specific spending limits to prevent overspending and fraud.

Autonomous receipt matching:

Auto-matches receipts to transactions, codes, and classifies — streamlining the AP process.

AI in every employee's pocket

Vic.ai offers a unique corporate card expense management solution with an AI-first approach, making it a valuable asset for organizations aiming to optimize their financial operations and maintain a competitive edge.

- **Unified platform:** Vic.ai consolidates invoice and card management, simplifying workflows for the finance department and providing higher accuracy and efficiency.
- **360-degree view of corporate expenses:** Vic.ai provides a complete view of all non-payroll corporate expenses, enabling precise cost optimization advice.
- **AI from the ground up:** Vic.ai's proven expertise in AI technology offers true accounting autonomy and real-time financial insights.

Seamless integration with your tech stack

Vic.ai integrates with all major HRIS and procurement systems, offering built-in connections with leading ERPs like Oracle, SAP, and Microsoft Dynamics. This ensures a smooth, unified experience across your financial operations.
